**GOOGLE CLASSROOM USED BY FLSP INSTRUCTORS AT  
UNIVERSITY OF MUHAMMADIYAH MALANG**

**ABSTRACT**

This study focused on the implementation of Google Classroom as apart of e-learning used by FLSP instructors along with the problems and the solutions. The purposes of this study was to uncover the instructors' perspective in using Google Classroom for conducting FLSP classes. The researcher described the result through interpretative and narrative description. Therefore, qualitative research design suited this study. The used technique to collect the data was through interview.

The research findings showed the FLSP instructors used Google Classroom during FLSP classes. The flexibility easy usage, accessibility, variety of learning processes were the reasons of its usage, accessibility, variety of learning process were the reasons of its usage by FLSP instructors. Furthermore, less of control by the FLSP instructors and uneven network in Indonesia has become the problems in utilizing this ap. Yet improving and making new regulation by FLSP instructors and communication between student and FLSP instructors are the suggestions in order to deal with that obstacles in using Google Classroom.
